Spring Summer 2026

Raw reflections

The spring/summer 2026 collection is inspired by L'Art Brut, a movement coined by Dubuffet encompassing works created by individuals outside the established art world. Raw and unfiltered, challenging our beliefs about what art is.

Free from cultural clichés and imitation, the ss26 collection channels the authentic expression that speaks to our feelings and impulses, which makes each garment unique and personal.

Showcasing deliberate and unique fabric variations has been crucial for our collections since the beginning. This season, expect to see innovative blends while we're exploring even more textures, from lightweight fluid lyocell and sheer layers, to woven techniques with plenteous surface. These fabrics seamlessly combine texture, appearance and functionalities.
